Purchase of Spares required for lorries working and lying Sick at Mysore

App. F. III-2

General and Revenue Secretariat | File No. A 21 of 1946.

Serial No.

Letter no. SRC 6039/46-47, dated the 10th March 47 from the Director of T.S. requesting sanction, in the circumstances explained, for the purchase of certain spare parts, tyres & tubes, batteries etc for 25 lorries working at Mysore at a total cost of Rs 40,560/- including labour charges and also to entertain a trained mechanic on Rs 120/- pm for a period of four months to attend to the repairs.

1) Submitted: It is reported that certain spare parts, tyres & tubes & batteries etc are required very urgently for the twenty five lorries in the Mysore District which are stated to be lying sick and (whereat which the transportation of paddy from Coorg to Mysore is greatly hampered

2) Mr. Swayam, the Transport officer & Mr Meccai Asst Director, Transport Section are stated to have visited Mysore and with the assistance of the Deputy Commissioner prepared a list of spare parts etc that are required immediately for putting these lorries into running condition. The estimated Cost of these spare parts are noted below

Mechanical parts

Spare parts etc plus labour charges Rs 11,800/-

Running parts

140 tyres & tubes at Rs 168/-	Rs 23,520/-
10 Giant tyres & tubes	3,800/-
18 batteries including charging at Rs 80/- each	1,440/-
Total	Rs 40,560/-

3) The Director requests sanction for the purchase of these parts very urgently. According to rules they are required to be purchased through the Stores purchase committee. In view of urgency the Director recommends that the

NOTE- Contn. Sheet

Serial No.

[illegible]

5) [illegible]

6) Kind reference is invited to para 3 of the Addl D.F's (Transport) letter dated 11.3.47 stating that the matter was briefly discussed on 5.3.47 at the Dy. Commr's meeting with the Minister for Law.

7) The Addl. D.F's proposals are for consideration and orders, keeping in view the difficulties reported by the Dy. Commr about moving the allotted rice from Coorg and the likelihood of the rice which is necessary for the State being diverted elsewhere if not moved quickly. It is seen from the latest fortnightly report receives from the DFS that as against 13,730 tons to be moved from Coorg only 1206 tons has been moved up to the end of 28.2.47. It seems to be imperative that the entire balance should be moved before the monsoons set in.

8) It may be seen from file Nos 12-45 (Sl. No. 74, 55486) and 47.46 (Sl nos 415) that sanction to purchase 50 tyres and 50 tubes for the lorries in Bangalore city through the Spc was accorded. It is informally ascertained from the Addl. DFS (Transport) and the Transport Officer (Mr. Dwarjan) that excepting 8-10 tyres & tubes, all of them have been fitted up

Serial No.

up to the lorries in Banjalucca of which are used for fuel supplies & such other urgent works. and even these 8-10 tyres & tubes remaining over will be used up in a day or two. It is also ascertained that as was done in the case of the previous purchase, the tyres & tubes now proposed to be purchased for lorries to be used for moving Coorg paddy. The Asst D/S (Transport) will try to make the purchases through the SPC quickly and in case the SPC is unable to arrange for quick supply of the spares etc he will directly contact by telegram the reputed firms and get them. The Asst D/S (Transport) says he will follow up with a D.O. confirming, till when his proposals may be held up.

Mew 11/3/47.

9) The letter from the Asst. D/S (Transport) is for kind perusal.

10) The proposals of the Asst. D/S at para 2 & 5 are for consideration & orders. The purchases may, perhaps, be directed to be made immediately through the SPC and if the latter is not able to arrange for the supply immediately, the purchase may be made from the reputed firms directly by the Asst D/S

D.O. letter from Mr R.N Mirza stating that 50 tyres & tubes purchased ~~[illegible]~~ have been received up and that 150 tyres & tubes are urgently and that even after this be made to purchase them through S.P.C.

OFFICE OF THE
DIRECTOR OF FOOD SUPPLIES
IN MYSORE,

No TRC.6039/46-47.
ENCLS.

Bangalore, dated 10th March 1947.

FROM Rajasevaprasaktha
A.N.Mirza, B.E., A.M.I.C.E.,
~~G. SUNDARA RAO, Esq., B.A.,~~
Addl. *Director of Food Supplies* (Transport),
in Mysore, Bangalore.

TO

K. Srinivasan, Esq., B.Sc.,
Secretary to the Government of Mysore,
Food & Civil Supplies Department,
BANGALORE.

SIR,

Subject:

11 MAR 1947

I have the honour to state that the Departmental lorry transport condition in Mysore district requires immediate attention.

2 The Deputy Commissioner, Mysore District, Mysore has addressed to us recently, two or three letters (copies enclosed) that he is in great difficulties concerning transport of paddy from Coorg to Mysore. This subject was also briefly discussed when the Deputy Commissioners were invited to meet the Minister in his chambers on 5th March, 1947.

3 To get a clear idea regarding the matters to which the Deputy Commissioner drew our attention, this Office sent Mr.Dwajan, the Transport Officer and Mr.Meccai, Assistant Director, Transport Section, to Mysore to jointly go through in detail the requirements for each lorry in Mysore City and give an estimate as accurate as possible for putting them in running condition.

4 This inventory work has been done and the two officers have jointly prepared a statement (giving all the details) which is submitted herewith except " labour " charges.

5 It is decided to classify the anticipated work into two parts for the sake of estimating. (a)Mechanical, which would include spare parts, repairs for the engine & etc., and labour, such as valve-grinding, re-boring and fitting ~~and~~ etc., and

b) "Rambler", which makes 1 class lighter... of tyres, tubes, batteries and bulbs. According to this the estimate figure for putting the 25 lorries in working condition are as follows:-

MECHANICAL:

Rs.7,800/- plus labour charges, approximately Rs.4,000/- total 11,800/-

RUNNING:

140 tyres and tubes @ Rs.166/- each Rs.	23,520/-
10 Giant tyres and tubes.	3,800/-
18 batteries including charging @ Rs.80/-each.	1,440/-

From the above, it will be seen that the mechanical 40,560
side does not rise above the figure of Rs.500/- per lorry, which is a very reasonable amount. Pertaining to the tyres and tubes, I may be permitted to mention that the Deputy Commissioner, Mysore, has been good enough to say that he will interest himself personally in seeing that the replacement of any of these tyres and batteries that may change will be systematically done after making due entries in the necessary registers and records maintained. To get through the work, two methods will be adopted.
(a) Some of the lorries repair work will be done departmentally under the guidance of a trained mechanic, on Rs.120/- a month for four months, who will work under the guidance of the Deputy Commissioner, Mysore and the Transport Officer.
b) As far as I know there, only one automobile private workshop (in the true sense of the word) in Mysore is equipped with machines fit to do the repairs and at any rate this matter should be left to the Deputy Commissioner. In this particular case, quotations need not be called for. Quotations from firms are bound to be very misleading and confusing.

As the matter is of great urgency, I should have completed instructions may be given to the Deputy Commissioner, Mysore, to order spare parts, tyres and tubes, batteries etc., and I shall be only too glad to assist him in procuring the supplies mainly from reputed firms. We shall feel most grateful if Government will please

P.T.O.

is pleased to issue early orders regarding the cost involved and the entertainment of a trained mechanic for 4 months or Rs 120/-.

I have the honour to be,

Sir,

Your most obedient servant,

ADDL. DIRECTOR OF FOOD SUPPLIES.
(TRANSPORT).

BN.

BRS.

Copy of the letter No. CS. 8-867/46-7, Encl;2 from the Deputy Commissioner, Mysore District, Mysore to the Director of Food Supplies in Mysore, Bangalore on 6th February 1947.

Sub: Transport of Spare for Government Lorries.

In enclosing herewith a copy of report No. GCD. 2124 of 46, dated 23-1-47 received from the Officer in charge, Government Central Depot, Mysore, regarding the above subject, I have the honour to state that certain spare parts of the lorries are not available at the local dealers and the lorries have to be kept idle for want of the same. Even the dealers at Messrs:

1) George Oakes for Ford lorries.
2) Addison & Co. for Dodge "
3) Webbs Sales & Service
4) Simpson & Co. Chevrolet lorries.

Bangalore city have been many a time unable to supply the indents placed with them. Hence I request you kindly to address the marginally noted firms to supply these spare parts to their recognised dealers at Mysore with clear instructions to sell them only to the lorries of this Department as otherwise the lorries will have to be kept idle for want of even a minor spare part.

As the transport of paddy from Coorge has commenced already and much of the work will have to be turned by Government lorries now in the district, I request that arrangements may kindly be made for their immediate supply. A list of spare parts and the approximate numbers required is also enclosed for information.

"Copy"

Addl. Director of Transport.

Copy of the letter No. CS.8-866/46-47, dated 7th February ~~from~~ 1947, from the Deputy Commissioner, Mysore, ~~To~~ the Director of Food Supplies in Mysore, Bangalore.

Requirements of tyres and tubes, Batteries and oils for lorries.

I have the honour to state that it is reported by the Officer in charge of the Government Central Depot, Mysore, that the following quantities of tyres, Batteries, oils,&c. are required for the immediate use of Government lorries working in this district. As these lorries have also been engaged to transport paddy from Coorg, I request that immediate arrangements may kindly be made for the supply of the same at an early date.

1) tyres and tubes 150
2) Batteries 5 of 17 plates for Dodge lorries.
3) 'A' oil 5 Barrels (S.V.O.C., Madras)
4) Lock Head 6 gallons tins.
   Break fluid No. 21.

ECopy"

Addl. Director of Transport.

Copy of report No. G.C.D. 2124/46-7, dated 22-1-47 from the Officer in charge, Government Central Depot, Mysore, to the Deputy Commissioner, Mysore District, Mysore.

Coorg Paddy Transport.

I beg to state that there are twelve Government lorries for the transport of food grains in Mysore District. Of these two are to be overhauled and they are in Palangee's workshop, pending instructions from the Transport Officer, Bangalore, regarding their repairs. The other ten lorries are available for transport of Coorg Paddy. For keeping them in fit condition for this work certain parts which are not available locally are urgently required.

I, therefore, beg to submit a list herewith showing these parts for kindly addressing the following recognised firms and the Inspector General of Police to supply the same.

1) M/S. George Oakes — Ford Lorries.
2) " Addison & Co. — Dodge "
3) " Webbs Sales & Service — Chevrolet.
4) " Simpson & Co. — Chevrolet.

TRC.6059/46-47.

Enclosure one letter
No CS4-158 d. 9.5.47
from the Deputy Commissioner

Dear Mr. Malleshayya,

I am writing this in continuation of my to number TRC. 6059/46-7 dated 10th March 1947. It is reported to me by Mr.Dwajan, the Transport Officer, that 50 tyres and tubes purchased as per Government Order number SD.3993-96/A.47-46-4 dated 18th November 1946 have been used up for lorries engaged at Bangalore for charcoal and fuel supplies to Bangalore City. The present requisition of 150 tyres and tubes is required urgently for lorries working at Mysore for Coorg -- paddy transport. Of course, we will make efforts to purchase the tyres and tubes etc., through the Secretary, Stores Purchase Committee.

Yours sincerely,

R. N. Mirza

M.Malleshayya, Esq., M.A.,LL.B.,
Assistant Secretary to Government,
Food Supplies,
BANGALORE.

Part of the file now please

D.O.No. CS4-150/46-47.

Mysore,

Mr. G.N. Nagaraja Rao, M.Sc.,
Deputy Commissioner.

Dated: March 9, 1947.

Dear Sir,

Adverting to the instructions issued by the Minister for Law in the matter of speeding up the transport of paddy from Coorg, I write to state that sanction of Government may kindly be obtained immediately to purchase at least the tyres and tubes for the existing Government lorries, which are now running as even these will have to stop running if tyres and tubes are not immediately supplied. Necessary precautions will be taken to see that tyres and tubes are not misused. The number of tyres and tubes immediately required, at the rate of 6 for 12 lorries, will be 72.

In this connection, I may mention that a set of tyres and tubes will barely last for 1-1/2 months or at the most for 2 months, in view of the bad conditions of the roads.

I understand that in previous years the Deputy Commissioners were permitted to incur necessary expenditure towards running chargesof the lorries, such as purchase of tyres and tubes and towards the cost of small replacements, such as batteries, bulbs, coils, distributors, plugs, etc. I request that as in the past, the Deputy Commissioner may be kindly empowered to purchase these necessary equipments. I further understand that in the Public Works Department, the Executive Engineers are incurring the expenditure on this account for Departmental xxxx lorries. I request that I may be kindly permitted to purchase tyres and tubes from the Dunlop & Company direct, in anticipation of formal sanction.

Yours sincerely,

Sd. G.N.Nagaraja Rao.

K. Guru Dutt, Esq., B.A.,
Director of Food Supplies in Mysore.
